

WE MEAN BUSINESS.™

THE TANK™ M EXCLUSIVE FEATURES

Premium Kohler® Command® Engines

Choose from 27 hp* Kohler® Command® V-twin engine for longer engine life and quieter operation

-or-

Commercial-Grade Kawasaki® Engines

Choose from 23, 31, or 37 hp* Kawasaki V-twin engines for premium performance and longevity

* as rated by engine manufacturer

14-Gallon Fuel Tank Capacity

Provides for longer running time and increased productivity; twin 7-gallon fuel tanks feature easily accessible shut-off valves and built-in diverter channels

Dual Hydro-Gear™ PK-12 Pumps w/Parker® Wheel Motors

Durable and produces smoother operation and greater control, plus improved ground speed

Tapered Roller Bearing Spindles

For long life; with high axial and radial load ratings; fully greaseable; weep holes to protect and seal damage; 1.25" spindle shaft design for added strength and durability

Select Cut System™ Deck

This innovative deck design features a patented sloped-nose skirt with an adjustable leading edge and a configurable inner baffle that allows you to cut any type of grass on any terrain

Available in 48", 54", 60" & 72" options

Large, Fully Welded 2" Box Frame

No hardware to loosen over time; rugged ladder-type construction

Full Suspension, Foldable High-Back Seat

4" front-to-back adjustment with adjustable arm rests and adjustable weight control; seat assembly can be repositioned 1" forward or rearward

Easy Aggress System

Allows the lap bars to open in any position and are in neutral when released

Dual Pedal Deck Lift

Offers smoother deck lift operation by foot

Pivoting Front Axle with Lockout Pins

Keeps all four wheels on the ground for a cleaner, professional cut, while absorbing the changes in terrain for a superior ride; can be pinned in a fixed position with no tools required, providing greater stability on slopes
