

## WHAT IS THE RIGHT DECK SIZE?

Cub Cadet riding mower deck sizes range from 42" to 54", and the correct deck size greatly depends on the amount of lawn to be mowed. The information below will help you choose the right deck size for your needs.

### RIDING MOWER DECK SIZE COMPARED TO YARD SIZE

1/2 - 1 Acre	The 42" deck would be appropriate
1 - 2 Acres	The 42" or 46" deck would be sufficient
2 - 3 Acres	The 46", 50" or 54" deck would get the job done quicker

### RIDING MOWER DECK SIZE AND TIME SAVINGS

Homeowners with larger lawns may benefit from stepping up in deck size to reduce mowing time.

<u>Deck Size</u>	<u>Benefit</u>	<u>Cutting Time (2 acres)</u>
42" Deck	---	2 hours
46" Deck	10% faster than a 42" deck	1 hour, 48 minutes
50" Deck	17% faster than a 42" deck	1 hour, 40 minutes
54" Deck	24% faster than a 42" deck	1 hour, 30 minutes

Please note: This is simply a guide and not a report on product performance.

	<u>ACRES</u>	-vs-	<u>SQUARE FEET</u>
Measurement for proper quoting:	1/4 Acre		10,890 square feet
	1/2 Acre		21,780 square feet
	3/4 Acre		32,670 square feet
	1 Acre		43,560 square feet

	<u>GAUGE</u>	-vs-	<u>INCHES THICK</u>
Thickness of steel	13 ga.		0.089
	12 ga.		0.104
	11 ga.		0.119
	10 ga.		0.134
	9 ga.		0.149
	8 ga.		0.164
	7 ga.		0.179
	6 ga.		0.203
