

WHAT IS THE RIGHT DECK SIZE?

Cub Cadet riding mower deck sizes range from 42" to 54", and the correct deck size greatly depends on the amount of lawn to be mowed.

Deck Size Compared to Yard Size

- ½ - 1 Acre The 42" deck would be appropriate
- 1 - 2 Acres The 42" or 46" deck would be sufficient
- 2 - 3 Acres The 46", 50" or 54" deck would get the job done quicker

Deck Size and Time Savings

Homeowners with larger lawns may benefit from stepping up in deck size to reduce mowing time.

<u>Deck Size</u>	<u>Benefit</u>	<u>Cutting Time (2 acres)</u>
42" Deck	- - -	2 hrs.
46" Deck	10% faster than a 42" deck	1 hr. 48 min.
50" Deck	17% faster than a 42" deck	1 hr. 40 min.
54" Deck	24% faster than a 42" deck	1 hr. 30 min.
