

Cub Cadet

SERIES 3000 EXCLUSIVE FEATURES

Power Steering

Provides more responsive steering making maneuvering effortless. The GT 3200 has 7-position tilt-steering

Premium Kohler® Command® OHV Horizontal Shaft Engines

Equipped with such features as full pressure lubrication, replaceable spin-on oil filter, cast-iron cylinder sleeve and large automotive-style air filters

All-Steel Hood and Side Panel

For added strength and durability. The removable side panels allow for easy access to the engine compartment for scheduled maintenance

Cub Cadet Cast-Iron Transmission

Features a 6-quart oil capacity and provides increased durability, longer life and cooler running temperatures

Hydrostatic Drive

With cruise control and easy foot-pedal speed control for an infinite range of forward and reverse speeds. Fully serviceable transmission with spin-on oil filter. The GT 3200 features a differential lock

Full-Floating Deck Suspension

With 4-point parallel linkage for smooth, consistent mowing

E-Vac™ System

With vacuum-actuated power take-off (PTO) for smoother deck engagement

SmartJet™ Deck Wash System

Allows for ease of cleaning after mowing

9-Gauge Welded Steel Frame with Cast-Iron Front Axle

Full-length twin C-channel construction absorbs stress for longer tractor life. The cast-iron front axle adds strength and durability for longer life under tough conditions
