

Cub Cadet

UTILITY VEHICLE ATTACHMENTS

OPTIONAL EQUIPMENT FOR ALL VOLUNTEER™ UTILITY VEHICLES

Horn (B101)

Lightweight, 113db-rated horn mounts to the frame of the Volunteer™ in four simple steps

Complete Soft Cab

The acrylic vinyl and steel soft cab is an affordable option for a complete enclosure.
Requires A200, A201, A202

Acrylic Windshield (A200)

Mounts directly to OPS to protect operator and passenger from the elements.
Soft Cab Component

Soft Roof & Rear Window (A201)

The Cub Cadet soft roof is made from weather-resistant, UV coated nylon. It has a sun roof and zip-open rear window.
Soft Cab Component

Soft Doors (A202)

The Cub Cadet soft side doors are made with a steel frame, nylon siding and poly windows. The windows zip open.
Soft Cab Component

Rear View Mirror (A203)

Large rear view mirror mounts to OPS. It can be used as a rear view or side view mirror.

Mile Marker 3,500 lb. Winch (A205)

3,500-lb. with remote control and steel cable.
Not compatible with A70024

Hood Rack (A206)

Steel hood rack with headlight guards mounts directly to the bumper and OPS. It pivots forward allowing the hood to open.
Not compatible with A70024

Rear Panel & Headrest (A207)

Steel cab guard with adjustable driver and passenger headrests mounts directly to the OPS with four clamps.
Not compatible with deluxe cab

Bed Mat (A208)

Weather-resistant, rubber-based mat protects the bed and keeps items from shifting during vehicle operation.

Electrical Harness (B209)

Provides connection points for accessories at the front of the vehicle.
Required for B101, A204, A212, B230

Ft. Receiver & Hitch Plate (A210)

2" – Class 1 steel front receiver and custom hitch plate mounts directly to the frame.

Cub Cadet Utility Vehicles are intended for off-road use by adults only. They are neither designed nor equipped to be registered as motor vehicles for use on public roadways. Always use extreme caution when operating utility vehicles, and carefully follow all operating, maintenance and safety instructions and warnings. Please see the operator's manual and the warning labels posted on the vehicle itself for more details.

Product depictions are not meant to be used or relied upon as a substitute for the safety and use information that is published in the respective operator's manual. Before operating the machine, read, understand and follow all instructions in the manual and on the machine. Specifications and programs are subject to change without notice. Images may not reflect dealer inventory and/or unit specifications.

UTILITY VEHICLE ATTACHMENTS

OPTIONAL EQUIPMENT FOR ALL VOLUNTEER™ UTILITY VEHICLES

Utility Vehicle Cover (A211)

Custom-fit nylon cover is low cut to provide maximum coverage. Drawstrings and marked corner are included for easy installation.

Electric Bed Lift (A212)

A heavy-duty cylinder lifts the bed automatically with the flip of a dash switch. The bed lift can handle the rated payload of the bed. Requires B209

Floor Mats (A213)

Diamond-tread rubber installs to existing holes in the floorboard of the vehicle.

Grab Bar/Gadget Bar (A214)

Extra grab bar for the passenger mounts directly to the OPS. RAM cell phone and GPS mounts can also be affixed to the grab bar. Not compatible with deluxe cab

AM/FM/CD (A216)

AM/FM/CD stereo with Electronic Shock Prevention and JBL 105-watt marine-grade speakers mount to the top of the OPS.

12" Aluminum Rims (A217)

12" aluminum rims with steel lug nuts, chrome center caps and valve stems replace the standard steel rims (tires not included).

Spreader (B230)

125 lb. poly hopper with remote 12V driven auger is controlled by the operator. Spreader has flow control and includes a vinyl cover. Not compatible with A212

Heavy-Duty Alternator for Kohler Engines (A232)

Heavy-Duty bolt-on alternator provides increased charge to the battery for electrical attachments. 18hp* & 20hp* gas engines only *as rated by engine manufacturer

Reverse Back-Up Alarm (A234)

Reverse back-up alarm emits a pulsating beep when the shifter is placed in reverse. Mounts directly to the shifter.

14" Aluminum Rims and 26" Off-Road Tires (A235)

Set of four 14" aluminum rims and 26" heavy-duty radial Goodyear MTR tires.

Deluxe Seat Covers (A238)

Set of 2 deluxe seat slip-on nylon seat covers with reinforced PVC seams. Limited Quantities – Not compatible with sport or bench seats

Signals and Brake Lights (A239)

The signal lights show turns, brakes, work and hazards. Compatible with the soft and steel cab.

Cub Cadet Utility Vehicles are intended for off-road use by adults only. They are neither designed nor equipped to be registered as motor vehicles for use on public roadways. UTILITY VEHICLE ATTACHMENTS

OPTIONAL EQUIPMENT FOR ALL VOLUNTEER™ UTILITY VEHICLES

Heavy-Duty Bed Liner (A70001)
Heavy-duty molded bed and tailgate liner protects the bed from scratches and wear.

Bench Seat (A70003)
Weather-resistant, vinyl bench seat with steel shifter is contoured for maximum comfort for both the operator & passenger.

Poly Canopy (A70004)
Light and sturdy roof for protection from the elements.
Not compatible with deluxe cab

Gun Boot & Mount (A70006)
Includes a Kolpin® Transport IV gun boot with Bootector® holder and Cub Cadet bracket.

Dual Purpose Tires (A70009)
Set of four 12" black steel rims and dual-purpose tires. Designed for long life of both turf and hard surfaces.

Turf Tires (A70010)
Set of four 12" black steel rims and turf tires. Designed to be gentle on grass and turf.

Speedometer & Fuel Gauge (B70012)
Digital speedometer, fuel gauge, trip function and odometer.

Warn® 4,000-lb Winch and Mounting Plates (A70015)
4,000-lb. winch with remote control and steel cable.
Not compatible with A70024

22-Cubic Foot Dump Cart (A70016)
22-cubic foot poly cart with coupler is capable of holding 1,500 lbs. Cart has quick-release mechanism, steel frame and pass-through axle. Requires Ball Hitch

Buss Bar (A70018)
Attaches to the battery of the vehicle to provide a connection point away from the battery for multiple electrical attachments

Fog Lights (A70019)
Two durable fog lights designed exclusively for the Cub Cadet Volunteer™.
Not compatible with A70024

Electric Angle (A70020)
An electric actuator system allows the 72" Super-Duty Manual Angle blade to move left and right.
Requires A70024

Cub Cadet Utility Vehicles are intended for off-road use by adults only. They are neither designed nor equipped to be registered as motor vehicles for use on public roadways. Always use extreme caution when operating utility vehicles, and carefully follow all operating, maintenance and safety instructions and warnings. UTILITY VEHICLE ATTACHMENTS

OPTIONAL EQUIPMENT FOR ALL VOLUNTEER™ UTILITY VEHICLES

Light Bar (A204*/A70022)

Low-profile light bar has four 35-watt adjustable driving lights for added visibility.

*A204 requires B209

72" Super Duty Blade (A70024)

An electric actuator for up and down movement and a manual angle.

Complete Deluxe Cab

Complete deluxe cab is made from high density TPO plastic, steel and glass to provide protection from the elements.

Requires A70025, A70026, A70027, A70028

Tip Out Glass Windshield & Mirror (A70025)

The front windshield of the deluxe cab tips open for ventilation and air flow. Deluxe Cab Component

Hard Roof & Rear Window (A70026)

Solid roof and rear window mounts to the OPS of the vehicle. It is made with automotive TPO plastic.

Deluxe Cab Component

Hard Doors (A70027)

Two doors with gas shocks and a robust latching system mount to the OPS. The tinted safety glass windows slide open.

Deluxe Cab Component

Electric Wiper & Lights (A70028)

Electric wiper motor and automotive-style wiper attaches directly to the windshield. Two halogen lights mount to the roof.

Supertrapp Sport Exhaust (A70031)

Sport exhaust system adds a deep growl to the utility vehicle, similar to a custom chopper.

Not compatible w/diesel utility vehicle

Raised Bed Gates (A70032)

Attach to the bed sides to allow for taller items to securely fit into the bed. The rear gate can slide out. The tailgate is operable with all gates installed.

Compatible with bed liner (A70001).

Sway Bar Kit (A70037)

Connects to the rear wheels via a torsion spring to increase the suspension's stiffness.

Sound Kit (A70033)

A series of foam panels can be installed at various points in the UV to reduce decibels of sound.
