**SMART FEATURES.
BUILT FOR THE LONG RUN.**

Just like Cub Cadet tractors and riders, Cub Cadet walk-behinds deliver more quality, innovation and performance. They're built tougher to last year after year, with powerful, reliable OHV engines that go the distance. And they're built smarter, with the patented CycloCut™ system to deliver that Cub Cadet Signature Cut™ time after time.

INNOVATIVE FEATURES FOR AN INCREDIBLE EXPERIENCE. THAT'S THE CUB CADET ADVANTAGE.

UNSURPASSED RESULTS OF THE CUB CADET SIGNATURE CUT™

System components and deck design optimized for flawless performance, low maintenance and consistent professional-quality cut. Provides superior mulching, bagging and side discharge.

IT STARTS – GUARANTEED

SureStart™ Guarantee certifies that your Cub Cadet mower (equipped with a Cub Cadet OHV Autochoke engine) will start in 1 or 2 pulls for the duration of the 3-year warranty period or it's covered.

EASY TO USE

An easier, single lever deck height adjustment (available on some models) makes changing cutting height one easy step.
