ADJUSTABLE DEPTH BAR

HEAVY-DUTY
FRONT WEIGHT

BUILT TOUGHER TO LAST LONGER.

The engineers at Cub Cadet use their smarts to make sure that every Cub Cadet is built better — from the biggest, most capable, tractor to the smallest, long-lasting handheld equipment. Cub Cadet tillers are no different. That's why every Cub Cadet tiller is smart enough and tough enough for the pros to use — and priced for the enlightened homeowner.

INNOVATIVE FEATURES FOR AN INCREDIBLE EXPERIENCE. THAT'S THE CUB CADET ADVANTAGE.

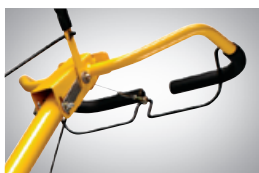

SUPERIOR GROUND BREAKING

With 13" dual-direction, self-sharpening tines, Cub tillers provide fine cultivating and seedbed preparation in any soil.

COVERS MORE GROUND

Extra-wide 18" tilling width give you more tilling area with each pass — so you can cover more ground at a time.

EASY TO USE

Single-hand operation lets you stand to the side and steer the tiller with one hand.
