**UNSURPASSED RESULTS OF
THE CUB CADET SIGNATURE CUT™**

The addition of anti-scalping wheels and rear striping rollers (on select models), will deliver a professional-quality finish that will make you the envy of the neighborhood.

MOST LEGROOM OF ANY RESIDENTIAL ZERO-TURN RIDER

While a great looking lawn is your primary goal, you shouldn't have to sacrifice comfort in the process. That's why the RZT™ Series allows you to easily adjust the lap bars and also provides the longest, widest foot platform and the most legroom of any residential zero-turn.

HIGH PERFORMANCE AND OUTSTANDING DURABILITY

With a reinforced frame and chassis and a heavy-duty fabricated front axle, the RZT™ Series can handle some of the toughest terrain. Combined with its ball bearing hubs, you can tackle the rough without feeling it. It's high performance and durability in perfect union.
