**IT'S NOT JUST THE TOUGHEST COMMERCIAL ZERO TURN.
IT'S THE SMARTEST.**

Hills once considered impossible to mow on a zero-turn rider are no match for this commercial zero-turn. With steering wheel control and four-wheel steering, the Cub Cadet TANK™ SZ offers truly unmatched stability on all types of terrain. Whether you're facing two acres or twenty, it easily delivers a professional-grade cut like never before. There's truly nothing else on earth like the TANK™ SZ.

SMARTER FEATURES FOR A BETTER EXPERIENCE. THAT'S THE **CUB CADET ADVANTAGE.**

**UNSURPASSED RESULTS OF
THE CUB CADET SIGNATURE CUT™**

Created with a superior deck design for greater performance, low maintenance and unbeatable durability. The sloped-nose cutting system allows the grass to rebound into the cutting edge of the blade for a cleaner, more even cut. Simply put, it's a smarter commercial deck for a professional-grade cut every time.

INCREDIBLE MANEUVERABILITY AND CONFIDENCE

With unrivaled stability and precision control, there's no terrain the TANK™ SZ can't handle. Four-wheel steering gives more control and confidence on hills than ever before. By delivering a quality cut at angles other riders can't handle, it's easy to see what makes the TANK™ SZ the smartest choice in commercial zero-turns.

DESIGNED TO LAST A LIFETIME

The backbone of the TANK™ SZ is built with the thickest steel in its class, giving it the most durable frame and chassis available. In fact, it's twice as strong as any commercial competitor. And backed with a lifetime warranty,† it's guaranteed to last.
